What is Sagacious-Art?

Initially produces each of her highly inspirational works with a most powerful outward message, imbued in each fine piece. Her images speak to her profound thoughts when works are being created, generating a most intense wise-message to her. This results in a sage-like, or wise image message from the finished work being created in this intense process. This gives not just a remarkable individualistic art work; but a 'Sagacious-Art' piece that grips your own thoughts in a different and new way each time you view her intensely individualistic creations.
